

SDS REGISTRAR SKIN SURGERY COURSE

**Ninewells Hospital & Medical School,
Dundee**

Friday 13-November 2026

REGISTRATION £40

Dear Colleague,

The Dermatology Department at Ninewells Hospital, Dundee, would like to welcome you to our **Skin Surgery Course**.

This is a **one-day, hands-on course** designed to accommodate participants with varying levels of surgical experience. Lectures will be delivered by medical staff actively involved in skin surgery, who will also support and supervise the practical sessions throughout the day.

The course includes supervised practical sessions to help consolidate the theory taught during the lectures. As this is a practical, hands-on course, it offers a more valuable learning experience than a virtual format.

All equipment required for the course will be provided. Practical sessions will be undertaken using pig skin. Therefore, anyone who is unable to work with pig skin should inform us in advance.

Course Fees Include:

- Morning tea/coffee
- Light lunch
- All course materials and equipment

Certificate of Attendance

Certificates of Attendance will be emailed to participants following the course. Please note that this certificate confirms attendance only and does not signify competency in skin surgery. Participants should work within the competencies and governance arrangements of their own organisation and continue to practise under appropriate supervision until deemed competent by their mentor or supervisor.

Parking

Please be aware that parking at Ninewells Hospital can be particularly busy. We recommend allowing sufficient time before the course start time to find parking and make your way to the venue.

How to Book

If you wish to attend this course, please email me directly with the completed Registration Form and add your name to the attendance list.

If you have any questions, please do not hesitate to contact us by telephone or email.

Kind regards,

Margaret Davidson

Medical Secretary
